### Denzil C.W.L. Holds Meeting

Last October Sacred Heart Parish, Denzil gave a warm reception to our new parish priest, Rev. Father Sluga, O.M.I.

After assuming his new duties as Spiritual director, he called a meeting of the ladies of the parish to form a sub-division of the Catholic Women's League. The meeting was largely attended and had the pleasure of having as our guests speaker, the Diocesan President, Mrs. F. L. Eid.

Speaking in English and German Mrs. Eid very capably outlined the constitution and aims of the League and told of various items of interest about the League and its Annual Conventions.

Following the meeting officers were elected to hold office until the regular annual meeting in May 1949.

President, Mrs. K. McRae; 1st Vice-pres. Mrs. S. Rundell; 2nd Vice-pres. Mrs. A. Diebert; 3rd Vice-pres. Mrs. Geo. Volk; Secretary, Mrs. Geo. Leibel Jr.; Treasurer Mrs. Ted Zinger; Convenor membership committee, Mrs. Kath Klotz; Convenor Altar Committee, Mrs. Marg Klotz; Convenor Lunch Committee, Mrs. Zerr; Convenor Press Committee, Mrs. S. Rundell.

The parish was divided into circles each to work independently at card parties and as a unit for the raising of funds to complete the new church, of which we are justly proud.

We are very grateful to Mrs. Eid for her kindness and help in organizing our sub division and extend her a cordial invitation to visit the club again whenever possible.

#### Annual Meeting May 1st

The Annual Meeting of the Sub-division of the C.W.L. took place in the church with a large attendance. Rev. Fr. Sluga O.M.I. being present also.

The meeting was called to order by the president, Mrs. McRae. Minutes of the first meeting were adopted as read.

The only important business on hand was the election of officers for the year, as the president and Secretary were forced through illness to resign.

Election results are as follows — President Mrs. Zerr; 1st Vice pres. Mrs. J. H. Klotz; 2nd Vice pres. Mrs. B. Kietzel; 3rd Vice pres. Mrs. P. Reineger; Secretary Mrs. M. Leibel; Mrs. Rundell (press); Treasurer Mrs. Zinger.

Other committees were left until the next meeting.

Father Sluga thanked the officers and other members for their splendid co-operation and spoke encouragingly of our efforts in raising funds. He also hopes of having every lady in the parish an active member of the league.

### Hugh McCaughey Now In Georgia

Mr. Hugh McCaughey son of Mr. and Mrs. John McCaughey is at present enjoying a trip in Georgia. Hugh is a member of the Royal Canadian Electrical and Mechanical Engineers and was transferred by the army on a course in new metals and advanced methods in welding.

The journey down did not prove too interesting although much of the trip was made in the modern fast American trains with visa dome coaches and the journey lead through the Mississippi valley St. Paul and Chicago.

The station itself is situated an hours run out of Atlanta and is described as a town in itself. There are four recreations halls - three theatres three canteens - bowling alley and a service Mens Club. One of the most interesting pastimes for Hugh is to watch the television especially since they give no singing commercials but demonstration instead.

There are only three other Canadians on the station one from Calgary another from Vancouver and the last from Eastern Canada. According to last word received Hugh was standing top of the class having made one hundred per cent in all exams but one and ninety-five per cent in that. Hugh has also found time to do some sight-seeing and hopes to be able to describe many interesting and historical places to his many friends on his return to Canada around the middle of June.

Just before payday you've probably looked  
at what's left of your wages or housekeep  
ing money and said: "Where does the  
money go?" A company must ask itself  
the same question, and each year pro  
vides the answer in its annual report.

The dollars we received last year—for  
gasoline, kerosene, fuel oil and other  
products—went this way:

Crude Oil and other raw materials we  
needed to make the products took the first  
big slice. Depending on where you live  
your oil may have come from Arabia,  
from South America, or from deep in the  
United States. In Canada only Alberta  
produced crude in quantity.

Manufacturing and packaging came  
next—complex and intricate refining op  
erations are needed to make the hundreds  
of oil products which find thousands of  
uses in our homes and industries, on our  
highways, in the air and on the sea.

Transportation was the next big bite—  
products must move over wide areas to  
serve all communities in Canada.

Marketing was fourth. Marketing pro  
vides the products you need wherever you  
are—power, heat and lubricants for  
factory, farm and home. Marketing sup  
plies that local businessman, the dealer,  
and if you're a fuel-oil user, keeps oil  
in your tank!

Taxes to provincial and federal govern  
ments absorbed 7.06 cents. And this does  
not include gasoline tax, which—depend  
ing on where you live—takes from 22 to  
35 cents out of every dollar you spend for  
standard grade gasoline.

Profit was 4.9 cents out of each sales  
dollar. From this we paid three cents to  
shareholders as dividends. The rest was used  
—together with a lot more money we bor  
rowed and still more obtained by sales of  
investments—to help meet your increasing  
needs for oil!
